BDCP The Federal Bay Delta Challenge An Integrated Federal Strategy 11 6 2010 Nepstad comments.docx

I am around tomorrow morning if you want to discuss. I'm off, but will be at home getting things ready for Thanksgiving (sans kids) and Carson's birthday on Friday (3 already!). I offered the same to Mike.

Basically, feels like we have similar reactions. What to do?

My comments, major one being the entire section "core elements of the proposed plan" should be deleted as very predecisional.

Tom, Mike, Luana et al:

Attached please find a first rough cut of a potential federal position paper on Bay Delta related matters which we are preparing for release the end of the first week of December, or thereabouts. While the focus is principally

the BDCP, we are also anticipating folding into it other important federal initiatives that address problems within the Delta, both immediate and longer term.

Would you be able to provide us (David Nawi, myself and Federico Barajas) comments or additions/subtractions to this rough draft by the end of this week, if at all possible? Unless David has more recent direction, short and sweet is preferred. If I should have passed this to others in your domains, please do so.

Many thanks. Comments or questions welcomed.

Yours,

Will Stelle
